Horse riding in Spring or Summer time. Let yourself go on our friendly easy to ride horses. You do not need to be the world's greatest rider to come on this holiday and even if you are you will still find it a great way to get to see the breath taking views of the Alentejo. The stables are set only 15 Km from the sandy beaches of the Atlantic Ocean. The ride will take you into the hills that give you panoramic views over the country side and coast line. You will have full contact with the forest of the Serra de Grândola where the famous cork trees have grown for centuries in one of the untouched sceneries of Portugal.
